

Changes are coming to Route 224

Starting Sept. 28, Route 224 will be shortened to run only between Duvall and Redmond. It will have more trips and will serve more riders in Redmond Ridge. The part of the route between Duvall and Fall City will be replaced with service on a new intra-valley shuttle.

These changes are part of a larger revision of transit service in the Snoqualmie Valley. Our goal is to enhance mobility for Snoqualmie Valley residents in a way that is more cost-effective than fixed-route bus service alone.
